Portfolio

A selection of my design projects, including works in branding, UX/UI, video, and motion graphics, can be found in my online [portfolio](#). It showcases both academic and personal projects, reflecting my multidisciplinary approach and passion for visual communication.

About

Hi, I'm Eugenio, 22, based in Verona. I am a Graphic Design & Art Direction student passionate about UX/UI, motion graphics, branding, and innovative visual storytelling. I enjoy exploring the intersection of creativity and technology, using traditional design skills alongside AI-driven tools to enhance ideas and workflows.

Skills & Tools

- Design & Prototyping: Adobe Photoshop, Illustrator, InDesign, Figma,
- Motion & Video: After Effects, Premiere Pro
- 3D & Visualization: Blender, Hunyuan3D / Meshy.AI
- Web & Digital: basic HTML/CSS / React
- High Experience and Knowledge with AI Based Tools
- Fluent English – Professional working proficiency

Educational History

Bachelor's Degree in Graphic Design & Art Direction (in progress)

Currently completing my degree with a strong focus on branding, digital communication, and visual storytelling. Passionate about UX/UI design, as well as video production and motion graphics, exploring how dynamic media can enhance user experiences and brand identities.
